

# Kunal Singh

## SDET

Results-driven **SDET** with over **3.10 years of professional experience** in ensuring the delivery of high-quality enterprise applications under **Healthcare, e-commerce, and data science** domains, by writing automation scripts for **Load testing, API testing, UI/Functional testing** using **JavaScript, Typescript, and Python**, and related tools and frameworks like **Rest Assured, Postman, SOAP UI, Selenium WebDriver, Playwright, Cypress, POM, Cucumber, Jenkins, CI/CD (Azure, Jenkins, Docker)**.

## Experience

### February 2024 – Present

ModMed | Hyderabad  
Software Engineer in Test

- Utilizing **Playwright** and **Cypress** for end-to-end testing, ensuring robust and reliable software quality.
- Developing** and **maintaining CI/CD pipelines** with **GitHub** and **CircleCI** to streamline deployment processes.
- Performing comprehensive **database testing** to ensure data integrity and synchronization.
- Actively participating in sprint planning sessions, adhering to **SAFe** (Scaled **Agile Framework**) methodology.
- Leading **release cycles** for various sprints, ensuring timely and successful releases.
- Collaborating closely with offshore teams and facilitating the **onboarding process** for **new team members**.
- Implementing **best practices** for migrating from **monolithic architectures** to **microservices**, enhancing system scalability and performance.
- Conducting **load testing** using **K6** and **Locust** to ensure system quality.

### September 2021 – January 2024

Feuji Software Solutions Pvt. Ltd. | Hyderabad  
Associate Software Engineer

- Worked as a Playwright QA Automation engineer for one of the **major technology companies in the USA that develops solutions for e-commerce platforms**.
- Developing and maintaining automation test scripts using **JavaScript, Python, TypeScript, Playwright, POM, and Cypress** resulting in a significant reduction of manual effort and increased test coverage.
- Integrating automated tests into **CI/CD pipelines with different reports like Allure and Report Portal**, enabling continuous testing and faster feedback loops.
- Participating in **Agile** ceremonies with the Development team, including daily stand-ups, **sprint planning**, and retrospective meetings.
- Implemented automation scripts for critical UI testing scenarios where **UI elements/fields can be hidden, changed or replaced by catalogue data**.
- Prepared **release documents** and **QA sign-off notes** for every release/sprint.
- Automating service-based scenarios using **Rest Assured** and **Playwright**.
- Involved in writing Playwright automation test scripts for **enterprise application products** like Insightsfirst and AnalyticsApp.
- Received numerous spot awards, appreciation and accolades** for timely completion of tasks and continuously delivering above expectations.
- Work on different **POCs** using **playwright, cypress and selenium webdriver**.

### January 2021 – September 2021

Randstad India Pvt Ltd, Hyderabad  
Research Associate

- As a research associate, involved in working on UI automation frameworks namely **Selenium WebDriver**.
- Learned and implemented various **API testing** tools and frameworks like **Rest Assured, and SOAP UI**.

## Education

2020

**Bachelor of Technology (CSE)**

Abhinav Hi-Tech College of Engineering

2016

**12th**

Kendriya Vidyalaya No-2 Delhi Cantt-10

## Skills

- Programming Language:** JavaScript/Typescript,Python
- API Testing:** Rest Assured, Postman, SOAP UI
- UI Automation Testing:** Playwright, Cypress, POM, CI, Cucumber ( Behavior Driven Development), TDD, Selenium WebDriver
- Continuous Integration/Continuous Delivery (CI/CD):** Jenkins, Docker, Azure
- Agile Methodologies, Scrum
- Database:** MySQL, PSQL, MongoDB
- Manual Testing, Service Testing, Requirement Gathering, Test Scenario Preparation
- Version Control :** Github, BitBucket
- Other Tools:** Excel (VBA), PowerBI, ReactJS
- Loadtesting : Locust, K6

## Language

English

Hindi

## Achievements

Certificate of Appreciation and Instant awards for delivering features in a given time, Modmed, September 2024, Hyderabad  
Certificate of excellence for delivery of project, Feuji, September 2023, Hyderabad
